**Village Farms International Announces Amendment to Pure Sunfarms’
Cultivation License, Expanding Cannabis Production Area
to 550,000 Square Feet in One of the Single Largest Cannabis Growing
Facilities in the World**

*– Entire First Half of 1.1 Million Square Foot Delta 3 Greenhouse Now Approved for
Cultivation and Sale –*

Vancouver, BC, September 6, 2018 – Village Farms International, Inc. (“Village Farms” or the “Company”) (TSX:VFF) (OTC: VFFIF) and Emerald Health Therapeutics, Inc. (TSXV:EMH; OTCQX:EMHTF) (“Emerald”) today announced that their 50/50 joint venture for large-scale, low-cost, high-quality cannabis production, Pure Sunfarms, received from Health Canada its fourth amendment to the cultivation license for its Delta 3 greenhouse in Delta, BC. This amendment permits Pure Sunfarms to expand its cannabis production area to 550,000 square feet – half of the 1.1 million square foot Delta 3 production facility. The newly licensed area is expected to be in full production by mid-October of this year.

“It’s a remarkable achievement to now have 550,000 square feet – half of the 1.1 million square foot Delta 3 facility – approved for production just six months since receiving the initial cultivation license,” said Michael DeGiglio, CEO of Village Farms. “I am tremendously proud of the Pure Sunfarms team.”

“Pure Sunfarms is making great strides to achieve high-quality, low-cost cannabis production ahead of the Canadian government’s legalization of adult-use cannabis on October 17,” said Chris Wagner, CEO of Emerald.

In July, Pure Sunfarms received its sales license from Health Canada, permitting it to sell cannabis produced in the Delta 3 greenhouse facility. Pure Sunfarms expects to have the full 1.1 million square foot Delta 3 facility, one of the single largest cannabis growing facilities in the world, converted for cannabis production by year end. The technologically-advanced Delta 3 greenhouse design is based on decades of large-scale, low-cost agricultural production experience and extensive cannabis expertise, resulting in a state-of-the-art facility with 17 grow rooms (nine of which are now licensed) optimized for year-round harvesting (more than 85 harvests annually) and an automated process line encompassing harvesting, trimming, drying and packaging.

About Village Farms International, Inc.

Village Farms International, Inc. is one of the largest and longest-operating vertically integrated greenhouse growers in North America and the only publicly traded greenhouse produce company in Canada. With more than 750 years of accumulated master grower experience coupled with advanced proprietary technology and environmentally sustainable growing practices, Village Farms is highly resource efficient.
